

Release Notes 11.4.24

What's New

- Continued migration for legacy client
- **Contact History by Client Report** - Updated default to start with the most recent call logs showing at the top, allowing users to view in chronological order from the most recent call log.
- **Add a Client Modal**: Updated Race, Gender and Ethnicity fields to be required to improve the matching experience.
- **Add Contact Log Modal on Best Match Page**: Added new decline reasons to Call Log Response Reason dropdown so that user can choose the most accurate reason when entering the call log.
