

# Foster Care

## Technologies

### **What's New**

- Continued with upgrade for legacy client.
- Record Known Placement: Updated messaging that lets users know that an open placement request needs to be closed in order to record a known placement with the same program type.
- Add/Edit Client Form: Completed request to make the Case Number field required.
- Add/Edit Provider: Added 'Select All' option to 'Ages Licensed for' field to allow for a more efficient experience.

### **Bugs**

- Addressed clients not being removed from the Clients Awaiting Placement page after a placement is made.
- Addressed respites not showing on the client profile.
- Addressed mobile users not being able to reset password.
