### What's New

- For a cleaner user experience, updates were made to the following:
  - Add User-Updated messaging if user is added with the same email as an existing user.
  - Notifications - Updated look of notifications and provided a clearer view of notifications that have already been viewed.
  - Best Match Page - Updated colors and spacing of informational icons to provide a better distinction between icons.
  - Make a Placement - Updated highlighted color when a bed is chosen to be more aligned with site colors.
